

ColorZip reclosable bags now available from Pitt Plastics!

When it comes to food storage and freezer bags, Pitt Plastics offers a fresh look at quality. Our ColorZip™ reclosable polyethylene food bags feature our premium easy open/close zipper and external grip strips to simplify handling. And our strong moisture resistant dispenser cartons make using them a real picnic. It's no wonder food service professionals ask for them by name. Look for our trademark blue/green zipper—it distinguishes the best from the rest.

Why do customers prefer ColorZip™ food service bags?

- Save money by using our storage bags with improved cold-fracture resistance for short freezing (1-2 weeks)
- TSA approved for all airports
- Trademarked Blue/Green zipper which assures you of the highest quality resealable food bag you can buy - bag after bag after bag.
- Secure, heavy-duty zipper is the ultimate leak-resistant barrier
- Meets FDA, USDA and Kosher approval requirements for food contact
- Large offset lip with external grip ridges for easy handling—even with gloves
- Consumers rate the blue/green color line as brand equivalent to leading retail brands.

How to Measure Reclosable Bags

Bags are measured width by length. Width is the outside dimension. Depth is measured from the bottom of the zipper to the bottom of the bag. Due to the reinforced side seals, bag openings are approximately 1/2" less than their listed width.
