## Certification of Compliance Isolation Bags – Red and Yellow Linear Low – Printed

Pitt Plastics hereby certifies that the bags listed below have been tested and meet the requirements described in Department of Transportation Regulations: DOT 49 CFR 173.197 Regulated Medical Waste (e) (1) (i), as well as Florida Code 64E-16.004 (2.1 – 2.1b) Biomedical Waste for tear resistance and impact resistance.

The bags listed do not contain ingredients regulated in the CONEG heavy metal legislation, are red in color and printed with the biological hazard symbol (minimum of 6 inches in diameter) as well as the claim “Certified to meet 165g impact strength ASTM D1709 and 480g tear strength ASTM D1922” below the symbol.
