

# RE-RUN CAN LINERS

**easy on the environment...  
easy on the budget...**

Our Re-Run liners are manufactured from recycled resins and are our most environmentally responsible can liner product.

We are proud of the fact that our Re-Run products contain both internally recycled and post consumer resins. These products are part of the inevitable result of the manufacturing process.

Re-Run can liners are specially formulated from a blend of internally recycled virgin resins and the highest quality post-consumer resins available. The result is an environmentally sound, versatile and 100% recyclable can liner at a competitive price.

Re-Run can liners are manufactured with up to 80% recycled content and can be used to earn LEED Credit.

- **Top quality post consumer and internally recycled resin**
- **Available in a wide range of strengths and sizes**
- **Contains up to 80% recycled content**
- **Eligible for LEED Credit**

Pitt Plastics Stock Number	Size	Gallon Capacity	Strength	Color	Case Pack	Seal
RP-243210-K	24 x 32	12-16	Extra Heavy	Black	500	Star
